

# A Cut Above

- Electric power cutting
- Heavy-duty steel construction and UHMW gibs ensure years of trouble-free operation
- Automatic power clamping
- Auto-releasing front safety shield enhances productivity
- Bright red LED line light is easy to see and needs no future replacement
- Fully programmable controller offers intuitive operation and up to 400 total cut position storage

## Specifications:

Maximum cutting width

18.5" / 47 cm

Clamp opening

3" / 7.6 cm

Maximum cut depth

17-1/2" / 44.5 cm

Minimum cut

1" / 25 mm

Clamping force

3,000 lbs. (1,350 daN)

Electrical

1-1/2 H.P., 120 Volts AC, 60Hz,

20 A Service

Warranty

1 year top to bottom

On all parts and manufacturing

(Excluding consumables)

With today's digital print market placing great demands on your business, some decisions can be difficult. Investments in cutting-edge wide format, inkjet, and digital print engines ensure you meet your customer's diverse needs, but there are so many choices! When it comes to choosing your next paper cutter, don't compromise...**step up to a Spartan 185!**

The Spartan 185 continues the Challenge excellence of innovation and strength we've become famous for since **1887**. The Spartan 185 is based on a heavy-duty steel construction for maximum durability. UHMW gib surfaces and LED line lights require virtually no maintenance for years of trouble-free operation.

The intuitive menu-driven controller on the Spartan 185 AEP sets this machine apart from its competitors. The easy-to-read LCD display allows up to 20 jobs and 400 total cut position storage. Machine self-diagnostics and error indication walks the operator through any difficulties.

Proudly manufactured in the US, The Spartan 185 continues our legacy of providing...**assurance you made the right decision.**
